Education

IPS Academy, Indore

Bachelor of Technology in Computer Science

2023 – 2027

Indore, Madhya Pradesh

Morning Star CBSE School

Higher Secondary Education (Class XII)

2022 – 2023

Madhya Pradesh

- Completed Class XII with PCM stream and scored 78%.

Projects

Team Collaboration and Chat Application | *React, Django, Tailwind CSS*

(Currently Building)

- Developing a full-stack team collaboration platform with task management and real-time communication features.
- Implemented drag-and-drop functionality for task workflow management including Todo, In Progress, and Done states.
- Building responsive and modern UI components using Tailwind CSS and React.
- Integrating Django REST APIs for backend operations, authentication, and database management.

E-Commerce Web Application | *React, Django, JavaScript*

- Built a full-stack e-commerce application with product listings, authentication, and cart functionality.
- Designed responsive frontend interfaces using React and modern UI practices.
- Integrated backend APIs and managed application data using Django.
- Implemented clean component-based architecture for scalability and maintainability.

Bank Management System | *Python, OOP, JSON*

- Developed a banking system using Python with object-oriented programming concepts.
- Implemented features including account creation, deposits, withdrawals, and transaction handling.
- Used JSON and file handling techniques for persistent data storage and management.
